Silva's Toggery, Ltd., is probably the leading men's clothing and furnishing store in the city. Occupying the entire first floor of the Elks' building on King street, this store, with its attractive windows and its well-arranged interior, is the mecca—as its proprietor, genito A. C. Silva, says—"the mecca of those who desire to be well dressed."

The very large stock of goods carried by this store, include such nationally advertised lines as Hart Schaffner & Marx suits, Knox hats, E. & W. shirts, indestructo trunks, etc., etc. Mr. Silva makes buying trips to New York frequently enough to cause the Toggery always to have the very newest and most up-to-date articles in gentlemen's haberdashery. Except shoes, this store carries everything in apparel that a man could possibly want.

With a force of salesmen who thoroughly understand their duties; with a manager who knows the buying public and correctly gauges its responsiveness to good goods and to the advertising of good goods—Silva's Toggery, Ltd., is a splendid example of Honolulu's progressiveness in matters commercial.

MONEY VOTED BY SUPERVISORS FOR PUMP IN KAIMUKI

The board of supervisors appropriated \$19,000 for the purchase and installation of a 3,000,000-gallon pump which will assure an ample water supply in Kaimuki and Waikiki for 30 years, at the meeting held last night. A resolution providing the appropriation of \$34,000 for the electric light plant and the police signal system passed first reading.

The road department was granted an appropriation to order six trailer wagons which the Schuman Carriage Company offered to build for \$500 or \$600 each. A Ford automobile was voted for the road overseer.

The committee on public expenditure reported that several city and county

officials were not under bond and recommended that such officials be notified by the clerk.

The petition for the removal of the backstand on the Waikiki side of Keolu street was refused on the recommendation of a special committee, but the Japanese express stand at King and South streets was declared a nuisance and ordered removed.

Fred Wright was appointed pound master in the district of Paumotu. A deserted quarry is to be used as a pound for the numerous stray horses, cows, and other barnyard animals which have been annoying the residents by nightly visits.

SUPERVISORS TO DECIDE MURASKY'S FATE TUESDAY

The mayor and board of supervisors will sit as a committee of the whole next Tuesday night before the regular session to investigate the charges against Charles G. Murasky whose suspension Thursday from the office of city building inspector by Mayor Lane was approved at the board meeting. According to the city ordinances the

mayor has not the right to appoint a successor to a suspended office holder. The board therefore gave the mayor the power to appoint an acting deputy building inspector. The motion was dated from Thursday to legalize the building permits issued by Fred W. Beekley, acting inspector named by the mayor.

NEPHEW OF YUAN IN HONOLULU FOR DAY

The Tenyo Maru, which departed for the Orient from Honolulu last night, is carrying J. Yuan, nephew of President Yuan Shih-Kai of China, back to his native home in Peking, that Yuan might be of some assistance to his uncle during the troublesome times in China.

To the Star-Bulletin yesterday Yuan spoke guardedly. The only point he brought out was when he assured his interviewer that all factions of China have been united and stand ready to defend the rights of the republic. He spoke in clear English. Yuan has been a student of Columbia university for the past two years.

YOUNG PEOPLE'S LEAGUE TO HEAR MAN FROM CHINA

The Young People's League, under the direction of Rev. Akaike Akana, will have a rare opportunity of hearing a powerful and an eloquent speaker Sunday morning at its usual place of worship, the K. of P. Hall. Mr. George Neumann, who is on his way back to his home with his wife, and who has recently arrived from China, where he has been laboring as an educator and as a Christian missionary, will speak to the young people on his experiences among the Chinese, and on the results of his educational endeavors. Mr. Neumann is a graduate of Wesleyan College and of the Hartford Theological seminary, where he prepared himself for the work in China. His home is in New Britain, Conn., where he is now returning after having served the Chinese for five years. While in Hartford Mr. Neumann was a schoolmate of Mr. Akana, and his visit in Honolulu is most welcome not only to the latter but to the members of the league. The public in general is cordially invited to come and hear Mr. Neumann.

TO PREACH HERE.

The Rev. George B. Neumann of Chengtu, West China, who is spending a few days in Honolulu on his way to the mainland, will preach at the Methodist church Sunday evening at 7:30 o'clock. His topic will be "Modern Missionary Methods in China." Mr. Neumann is connected with West China Union university and his position there qualifies him to speak with authority.

VITAL MEASURES TO BE TOPIC OF MEN'S LEAGUE

The Men's League of Central Union church and its friends are going to have an interesting session next Monday evening in the parish house when they meet for a discussion of a number of bills to be presented to the legislature this term. Ex-Governor Frear will present the "Abatement or Frear" bill, also referred to as the Iowa law, for the suppression of the social evil. The people of the city were deeply interested in this bill when it came before the legislature two years ago and its passage was a great disappointment to many who are making earnest efforts to secure its enactment this session. Since opinions vary on this point the discussion will doubtless be spirited.

A number of child welfare measures will be presented by the judges of the juvenile court, Hon. W. L. Whitney, and the matter of health inspection in the schools will be championed by Mr. E. A. Mott-Smith. A number of the members of the legislature have been invited to be present and it is hoped that they will take part in the discussion.

Some of the ladies of the Women's Society will serve the usual delicious supper for which they are famous and the Punahou Glee Club will act as waiters. An informal "hot acquaintance" half hour at six will precede the supper and the meeting will follow immediately after that. The Punahou Glee Club, under the leadership of Mr. L. G. French, will furnish music. Send your acceptances at once.
